Approved For Release 2001/03/03 : CIA-RDP78-06205A000200010027-8

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Intelligence School

DATE: 20 September 1961

FROM : Chief, Intelligence Production Faculty

SUBJECT: Weekly Activities Report No. 33
13 September - 19 September 1961I. SIGNIFICANT ITEMS

Nothing to report.

II. OTHER ACTIVITIES

1. The IPF prepared two packets of material to send to [REDACTED] for use in his preparation of a course on intelligence analysis. The packets included schedules and course materials for the Intelligence Techniques and the Intelligence Production courses.

25X1A9a

2. The next Intelligence Production Course includes a 4-day period devoted to orientation in intelligence activities of other USIB agencies. The Liaison Staff of OCR is cooperating fully in attempting to line up speakers and some kind of tour in each of the USIB Agencies except the FBI. The FBI presentation was discussed with the CI Staff, which conducts CIA liaison with the FBI. The CI Staff officer was not hopeful that such a presentation could be arranged. We will send the CI Staff a memo giving details on the presentation so they can again discuss it with the FBI.

3. [REDACTED] gave the lecture on Photographic Intelligence to the Intelligence Orientation Course #47. Examples of photography over the USSR and [REDACTED] from various collection programs were shown.

4. The TLO in OCI, [REDACTED] is evidently well pleased with the progress of the fourteen scientific intelligence officers who are taking the following courses in OTR in sequence: Intelligence Orientation, International Communism, USSR, Intelligence Research Techniques, and Phase 1 - Operations Support. [REDACTED] called to see if

a similar program could be arranged for a second group of scientific intelligence officers in the early part of 1962. [REDACTED] is making a survey of the appropriate faculties to ascertain whether this sequence of courses could be given in the early part of 1962 without serious disruption to previous training commitments. The results of the survey will be transmitted to the TLO in OSI through the appropriate channels.

III. PERSONNEL

The IPF has been adopted by its charming and attractive summer employee. She has sent us her school pennant (Denison University) "to decorate the office in the new building."
